ALFA & GALA Series

Ice Makers

Self-Contained or Modular

Cubed Ice

ALFA Ice Makers produce pure, crystal clear ice cubes every time utilising the patented Spray system. The pyramid shape cubes cool drinks quickly and melt slowly. GALA Ice Makers produce the perfect gourmet ice cubes every time making them the best ice for premium whiskey, gin and cocktails.

ALFA

Standard Features

Benefits

Premium build quality	Strong stainless steel frame
Maximise productivity	Produce more cubes from the same amount of water
Convenient built-in ice storage capacity	Save space
High ambient conditions	Up to 43°C
Easily built into joinery with front & rear ventilation	Fits under standard height commercial kitchen benches
Patented unique flexible spray rubber nozzles	Reduce the build-up of limescale
Dynamic production with ice forming in thin layers	Produces pure, crystal clear ice cubes
Silent rain system	For a quieter working environment
Ice production per 24 hrs across the Series	24 - 150kg
Robust stainless steel door	Reliable and suited to busy applications

GALA

Premium build quality	Strong stainless steel frame
Cutting edge efficiency	Maximise power savings
Smart control electronics	Ensures ice cube consistency
Prestige quality gourmet ice cubes	Ideal for high end scotch, gin and cocktails
Ice production per 24 hrs across the series	150 - 361kg

Supplied Accessories

Optional Extras

- Water filter kit SXX11695
- Castors ITV-31703
- Replacement filter cartridge SXX11696
- Drain pump SXX11725
- 10mm screwfix levelling feet ITV-4307

This Ice Maker must be installed by a qualified plumber or refrigeration mechanic and have a water filter installed. Failure to do so may void the warranty on this product.

SPIKA Series

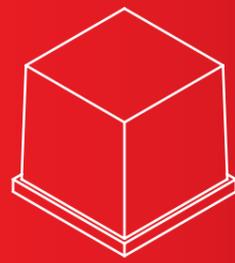

Ice Makers

Self-Contained or Modular Half Dice & Full Dice

SPIKA ice makers produce a harder, longer lasting style of ice cube while offering superior cooling speed in beverages. With a significant choice of models available offering maximum production and storage capacity, they are an ideal commercial ice machine choice for venues that always need ice on hand or consume large amounts of ice.
